

陰陽賽

おんみょうさい / Yin-yang dice

Scoring with the dots and colors of dice, the first player to win 2 rounds will be the winner.

Each player perform one of ①~③

① MOVE A DIE TO GRID

Move a die from the corner to blank space of grid area **without change its orientation.**

- ▶ Take a die from the bag and role it. Place it to the corner without change its orientation.
- ▶ Stand your card when it's in landscape orientation.

② MOVE A DIE BY ROLLING

- ▶ Can't use this action while the card in landscape orientation
- ▶ Can't move a die when there's another die on it.

Move a die in the grid to each direction by rolling it.

- Move to the same height
- Move to the next grid

- ▶ After moving the die, rotate your card to landscape orientation.

③ USE A CARD

- ▶ Face up in portrait orientation
- ▶ Can be performed only once in each round. Play one of follow actions.

act1 : Move a die by rolling

Move a die in the grid to each direction by rolling it.

You can even move it to different height.

act2 : Put a die into the bag

Put one of the dice back into the large bag.

Count points when there's no dice in corners

- ① The number of dots
 - ② The number of dice of the same color of your card $\times 3$
- Add above 2 as your points

EX. When your card is Kirin(yellow)

The number of dots $\rightarrow 18$ pt.
2 dice (arrow)'s color is same as card (yellow) $\rightarrow 2 \times 3 = 6$ pt.
Total 24pt.

- ▶ This scoring is effective even for a die under anotherone.

① Dice at 3 corners are of the same color $\rightarrow 4$ pt.

② 3 dice have the same number of dots on top. (Add that dots $\rightarrow 5$ pt.)

Gem chip

- ▶ The highest scored player receives a Gem chip.
- ▶ In the same score, the player who don't use a card wins.
- ▶ Even in the same condition, both wins and get a Gem chip.
- ▶ When that is the 2nd one for several players, no one get a Gem chip.

Round2 and later

- ▶ Start from the player after the player who won in the last round.
- ▶ If you have a Gem chip, put a die of your card color into the small bag without showing it to other players.
